# Understanding the "A-F" Ratings

New state law mandates an A-F rating system for campuses and districts. There are 5 areas that are measured. Below is an explanation of these measures.

55% - STAAR Related

## Student Achievement

- Students' STAAR scores meeting the Satisfactory Standard
- Students' STAAR scores meeting the Postsecondary Standard
- Students' STAAR scores meeting the Advanced Standard

## Student Progress

- Students meeting progress expectations
- Students exceeding progress expectations

## Closing Performance Gaps

STAAR performance of students considered to be living in poverty

35%

## Postsecondary Readiness

- Student attendance
- Students who earn an industry certification
- Students take advanced courses or earn college credit through dual enrollment
- Students graduating with an advanced diploma plan
- Students graduating on time

10%

## Community and Student Engagement

This will be measured by 3 indicators chosen and rated by the district that evaluate how the schools are meeting local community expectations.
